

VFS VISA APPLICATION INFORMATION AND CONSENT DECLARATION

VFS Global Services Pvt Ltd has no role in the decision-making process and no promises can be made by any VFS staff on this account.

I am aware and fully understand that the processing time takes up to 15 working days. Applications are processed on a strict first-in and first-out basis.

Kindly note that, in case an application lodged less than 15 working days before the intended travel date, the application will be rejected and along with the passport will be returned to VFS. Therefore, the applicants are advised to apply well in advance to the intended date of departure.

In case necessary documentation as laid down in the respective regulations is not lodged with the application, the embassy might consider them as non-existent. The Embassy reserves the right to ask for further documentation. Documentation sought by the Embassy is available on the website and the notice board at the Application Centre and I have ensured that documents submitted along with visa application are as per requirements.

Enquiries to the Embassy asking for preferential treatment or the status of the visa before 15 working days, cannot be entertained. Only serious humanitarian reasons or reasons of public interest justify such a query. If the Embassy, because of such a request, has to deal with an application unjustified, this can delay the process.

I am also informed that in certain cases, when other authorities have to be consulted, processing time can go up to 45 days in case of Schengen visas and up to 6 months for national visas.

In case of late or incomplete application:

I acknowledge that I have been informed about the above processing time and the necessary documents. Despite that, I wish to proceed with the submission of my visa application.
